

Peer Tutor Request Return to Dr. White

Name: _____ Advisor: _____ Gr. _____

The goal of peer tutoring is for students to receive practice and guidance in a subject area from an Academy student who has successfully completed that particular course of study.

Peer tutors meet weekly with their tutees. Tutors help students in a variety of ways: review past homework and tests to clarify any confusion and answer questions, help with written homework, plan for long- and short-term assignments, study for an upcoming test, practicing science or math problems, or practicing declensions and drilling vocabulary.

Peer tutoring is a commitment. The student being tutored is expected to attend these sessions on time once a week and bring all necessary books, back assignments and tests, as well as questions to review. Consistent failure to attend peer tutoring sessions may result in cancellation of the meetings and reassignment of the tutor.

Peer tutoring will begin in early October. You will be notified of your meeting time and location when you have been paired with a tutor.

I realize that peer tutoring is a commitment. I plan to attend sessions each week, arrive on time, and bring all necessary books, back assignments and tests, and questions to review.

Signature: _____ Date _____

*Please complete both pages of this form and
return it to Dr. White in Room 102 or to the front desk.
Email Dr. White (rosew@bu.edu) with any questions.
Thank you!*
