

Boston University Academy SNOW CLOSING PROCEDURES

The safety of students and staff is our top priority, and snow closing decisions are made chiefly with this concern in mind. On days that BUA stays open, please take into account your own family's logistical circumstances: you should feel comfortable keeping your child home if hazardous commuting conditions so warrant, and the school will excuse that absence if reported by a parent/guardian. BUA will do everything possible to announce a snow closure by 6:00 a.m. The primary channels for communicating a snow closure are **text message, email, and the BUA website.**

Boston University Academy closings and delayed openings will also be listed on the following radio and television stations:

WBZ 1030 AM
WHDH-TV Channel 7

WBZ-TV Channel 4
WFXT-TV Channel 25

WCVB-TV Channel 5
WLVI-TV Channel 56

If the University closes, the Academy will close also. To check on the University status, you can call **617-353-SNOW (353-7669).**

BUA may choose to close even if the University stays open. In these cases, students who are taking BU courses may want to plan ahead and bring home any book or materials since they may not be able to access the BUA building.

BUA students should expect that any assigned work due on a snow day will be due the next day that school is in session. Please bear in mind that teachers may assign additional work or choose to hold a virtual class discussion if there are several consecutive snow days. Students should refer to Blackboard and their email for communication from their teachers about changes to assignments and due dates.
