

**Boston University Academy**  
**Part-time Learning Specialist**

Boston University Academy seeks to hire a part-time Learning Specialist. The Learning Specialist will develop and implement differentiated curriculum, effective instructional methods, and learning support and accommodation plans. The Learning Specialist will also provide academic support to students with learning differences and students experiencing academic difficulties. This work is done in collaboration with the school counselor, teachers, students, parents, and outside support services. The Learning Specialist will serve on BUA's student support team. This is a part-time (0.5 FTE) position – 20 hours per week.

**Education and experience:**

A master's degree in school psychology, special education, or instructional support required; 3-5 years experience in an independent high school preferred.
